

SERVICE PRO® PREMIUM EP-2 LITHIUM GREASE

Formulated for chassis and wheel bearing applications

DESCRIPTION: SERVICE PRO® Premium EP-2 Lithium Grease is a versatile all-purpose grease formulated for normal temperature/speed conditions and non-critical service applications. *Not suitable for disk brake wheel bearings requiring high temperature grease.*

PERFORMANCE
BENEFITS:

- Highly water resistant
- Good pumpability
- High shear stability
- Outstanding protection against rust
- Resistance against water washout
- Good high temperature stability
- Extreme pressure property

NLGI Consistency Number	2
Thickener	Lithium Stearate
Texture	Smooth
Color, Observed	Dark Brown
Worked 60 Penetration, D-217	265-295
Dropping Point, D-566, °F. (°C.)	320 (160)
Approximate Temperature Range, °F. (°C.)	0 to 265 (-18 to 129)
